

MONTHLY MEETINGS & MONTHLY SKILLS NIGHTS

Monthly meetings (September to June) normally begin with a brief update from our President on any current news or issues of interest. Then the Guest Presenter for the evening is introduced. The presenter will be either a highly regarded individual recruited from outside the Guild, or one of our own experts. The presenter will speak on and demonstrate their specialty while teaching and enhancing our capabilities.

Mid-meeting there is a 15-minute coffee break and socializing period. The presenter will then complete their session.

The evening concludes with a "Show & Tell", where Guild members present and discuss their recent work.

The meeting adjourns not later than 10 pm.

Safety is paramount with the Woodturners Guild of Ontario. We are associate members of the AAW and henceforth stand by the AAW Lathe safety guidelines. Read the guidelines at least once a year. They are available on the WGO website (www.wgo.ca) Always develop and maintain a **SAFE** workshop!
