About:

Jim is the current President of the Kawartha Woodturner's Guild. He has obtained a great deal of experience and knowledge in a very short time. He just started turning in 2019 and at that time attended a Hands On retreat in Texas. Later in 2020 he did one to one classes with Chris Ramsey in Kentucky and in 2022 he also did classes with JoHannes Michelson in Vermont. Jim has demonstrated at regional clubs and was a guest demonstrator at the Southwest Association of Woodturners (SWAT) Symposium in Texas.

All of this has helped to hone his skills in making unique wooden hats. He has attended a number of AAW regional symposiums to further his woodturning education and his pieces were featured in the AAW Journal in Oct 2022. You can find out a bit more about Jim and his work from his website www.turningtrees.ca and facebook page <https://www.facebook.com/profile.php?id=100036417909688>.
