

Good Day!

Hello Everyone!!

Welcome to our first weekly email for the Woodturners Guild of Ontario. After an Executive meeting last week, we have decided that our communication to the club members has been lacking. Therefore, we have decided to send a Monday Morning ☺ Email to the membership which will contain tips & tricks, websites / YouTube videos to peruse, and any other interesting information to pass along.

First off we have a replay of Kade Bolger's zoom demonstration from March 11, this will be up for the next 30 days, if you missed it last week, please take a moment to have a look.

Kade Bolger:

https://youtu.be/oORY8_uHIF4

Our other interesting tips & tricks this week passed along by Michael P. :

This video shows various methods of attaching trim and bands to bowls, comes from Nor-Cal woodturning:

<https://youtu.be/-FOin7LWUG0>

Also interesting and shows a bit more of the pewter melting etc. from Sprague Woodturning:

<https://youtu.be/XX0NyZ-sBx8>

If you yourself have any tips/tricks you would like to share, please feel free to pass them along to colleensamila@gmail.com

Well that is it for now, be sure to keep April 8 at 7pm open for our next zoom meeting, details to follow.

Have a wonderful week, enjoy the sunshine!!

Keep smiling.... And turning!

Colleen
