

# WEEKLY WOODTURNING

## COMMUNICATION

October 11, 2021

Hello --

I hope everyone had a wonderful Thanksgiving weekend and that you were able to have a wonderful meal with the company of family and friends. While some persevered with rain on Saturday we did have a beautiful Sunday and Monday – exceptional weather for this time of year.

I'm excited about this Thursdays meeting on the 14<sup>th</sup> we have our very own Frank DiDomizio demonstrating how to turn a square object! Frank has also done a short video that I saw on Facebook although didn't have the time to have a look as yet!

Attached to this email is also Frank's handout. I thought I would send here, although Juanita sent it out with the zoom information on Friday. Please read the attached if you have any questions, we can address them on Thursday.

Also, a friendly reminder about our annual dues. Please submit your \$60 either by e-transfer to [jackgelber70@gmail.com](mailto:jackgelber70@gmail.com) or by sending a cheque, payable to Woodturners Guild of Ontario, to:

Jack Gelber - 186 North Meadow Crescent,  
Thornhill, ON L4J 3C5

And this email note is going to have a little something different. My mother-in-law had a poem in her papers that I found yesterday, so I thought I would share it here with all of you!

### *The Forest*

I lose myself in waves of green

Music of silence fills my ears

In notes of blue no one else hears

While fairies dance on waves of green

Trees speak to me, each leaf in turn

Age old wisdom with me they share

Their whispers float on morning air

And my soul hears each leaf in turn

Open your heart to waves of green

Your heart will hear what trees can say

And with their truth to lead the way

Your soul can dance on waves of green

This poem made me smile as I have talked to many woodturners and woodworkers who believe the wood tells them what they'd like to be.

Stay healthy, stay happy and keep smiling!
